LOCATION OF NURSERIES

AND HOW YOU MAY REACH THEM

THE Framingham Nurseries are located in South Framingham, Mass., 21 miles west of Boston, on the Boston & Albany Division of the New York Central Railroad. Trains leave the South Station at frequent intervals during the day. The Nurseries are about two miles north of the South Framingham station, and may be reached by Saxonville electric car, getting off at Cochituate Road and walking a few minutes east. Or by the Boston & Worcester electric cars from South Framingham, getting off at the rear entrance of the nursery and walking north, through the nursery to the office, which is seven minutes away.

Or the Nurseries may be reached by the Boston & Worcester cars from Park Square, Boston, from which point cars leave every fifteen minutes. Any Chestnut Hill or Brookline car will connect with the Boston or Worcester cars, either of which pass the rear entrance to our Nurseries. Notice should be given the conductor not later than the time the car leaves Sunnyside, coming from Boston; or soon after leaving the Junction, coming from South Framingham or Worcester. All conductors are familiar with the stop at the Framingham Nurseries. The running-time by trolley to the Nurseries is one hour and ten minutes. The fare is twenty-three cents from Boston.

SUBSTITUTION

We never substitute one variety for another. In case the size ordered is exhausted, we send the next size thereto and charge accordingly. Should the variety be exhausted, we at once notify the customer.

QUALITY OF STOCK

The stock offered in this list is strictly first-class, and, we believe, absolutely free from all injurious insects or diseases. We aim to keep our Nurseries clean, so that the stock is healthy and vigorous. We invite inspection. Visitors are always welcome.
